Terms and Conditions:

- i* The abovementioned prices do not include any VAT or any Custom and/or other taxes.
- ii* Solid waste must be delivered properly separated by waste type (EWC Code), and containing no any other substances (eg: Soil, stones, bottles, aluminium cans, irons, papers, plastics or any other waste except as provided.)
- iii* In case of inappropriate materials or waste mix, there will be an additional charge for separation and/or highly specialized management works.
- iv* The waste may undergo sampling and laboratory analysis to confirm its composition, properties and characterization. Analysis cost is borne by the Client - Ship upon request.
- v* Hazardous waste must be delivered under the responsibility of the ship, already properly packed in approved UN standard packaging (Big Bags, Drums, IBC Tanks etc).
- vi* In case of any requested waste repackaging procedure, this does not included on the above mentioned price list, and the extra cost is Ad-hoc always in communication with the Client - Ship.
- vii* The loading operation will take place under the responsibility of the Ship. Personnel and extra equipment may be requested to the J/V EPE S.A. - ARSI S.A. with an extra charge for the Client - Ship.
- viii* The final weight will be the Total Gross weight (packaging material and waste), and will be certified by weighing them per EWC Code, in the storage facility or final reception plant.
- ix* Specifically for Medical Waste and Expired Medicines, when delivery to a specialized refrigerator truck is required, a flat-rate charge of 70,00 Euros applies, for quantities up to 5,0 Kg.
- x* In conclusion, terms and conditions of Heraklion Port Authority S.A. Contract with the Contractor J/V EPE S.A. - ARSI S.A. normally apply.
